

FASFAA President-Elect

Sean Johnson Statement of Candidacy:

I am thrilled with gratitude to be nominated for the office of President-Elect for the Florida Association of Student Financial Aid Administrators. FASFAA has been an important part of my development as a financial aid professional by providing me with the training and support system needed to allow for my continued growth in the financial aid profession. I am humbled that my colleagues have the confidence in me to submit my name as a candidate for this office. In 2014 FASFAA selected me to participate in a SASFAA Leadership Symposium where I enhanced my leadership skills which has been instrumental in my becoming the type of leader that others willingly follow. This experience not only taught me the importance of being a good leader, but it also showed me that talent development is an important part of the continued success of our Association.

If elected, I will do my best to ensure the continuance of FASFAA's time-honored stellar training, legislative advocacy, financial stability and the reputation as a professional organization. It will be my objective to keep communication all-inclusive for the membership, seek out ways that the organization can support our members, priority service for our students and provide quality training along with a constructive environment to nurture professional relationships that can last a lifetime. It would be an honor to integrate the strength of the prior leadership, talent from the current membership and warm remembrances of prior FASFAA events to ensure the sustainability of this great organization. My vision for our Association is simple; enhance what has been done and develop the next wave of leadership for our organization. I would be honored to follow those who have come before me and if elected I will do my best to serve the membership, and represent our amazing Association to the best of my ability.
