Executive Board Report
June 2017

Why am I here?

I am here because I want to serve and give back to my profession, I want to help others develop knowledge and skills that empower them to make better contributions to the students we serve. I believe that I can continue to bring a fresh perspective to the organization. I have enjoyed what I have done and enjoyed working with the members of the organization. It hasn’t been without challenges but nothing is ever without challenges. Thanks for the support of those board members who have supported my efforts to serve in one way or another. I look forward to supporting President Elect Vo as he takes over the presidency and will work to make 17/18 a successful year.

- To continue to support, training, advocacy and professional development of FASFAA’s members

Accomplishments and Activities

- Attended SASFAA Transition meeting and will continue to be on the board next year as the Global Issues Chair. I will be serving alongside four other FASFAA members so Florida will have a strong presence on the 17/18 SASFAA Board.
- Continued to work ad hoc committee to work on developing and publishing a conference planning manual to be ready by Spring Board Meeting – Members originally led by Kim Phillips are, Nathan Basford Jeff Daniels, Tracy Misner, and Lee Ann Wolfenden – Jeff is now leading the group. Due to many personal situation with this group the task was started but hasn’t been completed. Kamia Mwango – Vice President of Training

Executive Board Report

June 2017

Why am I here?

The Vice President of Training is responsible for providing resources to and assisting with coordinating all training activities of the Association, including workshops, seminars and conferences, as well as overseeing the Regional Representatives’ training activities.

Goals

- The goal of the year is to provide a consistent 50th Anniversary theme of financial literacy/default prevention as well as diversity/inclusion at FASFAA training events, and to continue to provide the training to the membership via Clock Hour Workshop, region workshops, and the conference program with sound fiscal management.

Accomplishments

- Spring workshops were held and region representatives fully participated in charity and scholarship activities leading up to the conference.
- The 2017 Annual Conference (50th Anniversary Conference) had 46 sessions, and survey feedback rated the training as 4.5 stars. Most everyone received training pertinent to their job.
- Kevin Campbell, Fed Trainer, was well-received at the conference and there were no negative comments regarding his sessions. Attendees noted that his style was different, but he was knowledgeable.

Recent Activities

- CEU certifications and certificates are being requested by members post-conference. Most are being processed within a week.
- Personalized (mail merge) emails requesting feedback about the conference and instructing members to provide Fed trainer feedback was sent on 6/8/17. This email has generated 15 SurveyMonkey responses, and hopefully more Fed trainer feedback.
- In the process of writing up best practices for VP of Training, and saving files to the shared Google drive. Some suggestions include
  - Having separate clickers that are not checked out during the year, but are only for the conference, kept in one place.
  - Sending direct emails (email merge) to members and attendees at certain points to encourage registration and provide information to those who are not on the listserv.
  - Appointing training committee members specifically to assist the VP of Training during the conference (may or may not be Region Reps, and should not conflict with other volunteer duties)
  - Limiting “high-maintenance presenters.” There is a cost and much confusion that ensues when there is a presenter with requests that are too specific.
  - Eliminating speaker bios was more efficient, and assisted with any last-minute changes in moderators for people who forgot or were otherwise unavailable to moderate their session. While members do get to know each other that way, bio swaps are best done when there are fewer sessions and presenters.
  - Request presentations early and often from presenters. Last minute presentations were an issue. Several of the presenters just sent in their presentation as of 6/12/17.
Contact moderators and other volunteers to confirm if they still want to assist, then move on to using some fairly familiar names off of the registration list to solicit volunteers since you know they will be attending.
